Fish Emulsion

Condensed Fish Solubles

Analysis:

Total Nitrogen as (N) 5.00%
0.30% Ammoniacal Nitrogen
3.70% Water Soluble Nitrogen
1.00% Water Insoluble Nitrogen
Available Phosphate (P2O5) 1.00%
Soluble Potassium (k2O) 1.00%
Chlorine, not more than 2.00%

Application Rates: (Shake Well Before Using)

* FOLIAR APPLICATIONS: Mix 1 tablespoon per quart or 1 oz per gallon of water. Using a fine spray or mister, moisten both sides of leaves to the point of runoff. Apply every 2 weeks in early morning or after mid-day heat has dropped 10 degrees. Add a few drops of wetting agent or dish soap per qt to help spray stick to leaves. House Plants/Potted Plants: 1 Teaspoon per quart of water, or 1 Tablespoons per gallon of water. Use 1 cup of this mix for every foot of plant height every 2 weeks. Water into the soil afterwards if there are odor issues.

* SOIL APPLICATIONS: Annuals, Vegetables, New Perennials: 1 oz per gallon of water to cover up to 25 sf. Apply every 2-4 weeks. Water in afterwards.

- Established Perennials, Roses, Shrubs: 1 1/2 oz (3 tablespoons) per gallon of water to cover up to 25 sf. Or Use 1 -2 cups for each foot of plant height, depending on plant width. Apply where feeder roots are located, every 3-4 weeks.

- Trees and Lawns: 12 oz per 1000 sf or 1 Quart per 3000 sf every 3-5 weeks or as needed. If using a hose-end sprayer, dilute product beforehand with 2/3 water, to prevent clogging. For pump sprayers use up to 4 oz per gallon of water.

* AGRICULTURAL: Soil Treatments- Apply up to 4 gallons per acre. Split the application between pre-plant and side dress.

- Foliar Treatments: 1-2 Quarts per acre every 2 weeks prior to bloom and at least once after bud set.

* CAUTION * This product contains 5% Nitrogen. Nitrogen products are capable of burning plant leaves if over applied or applied in severely hot weather.

* Storage: Keep container sealed tightly when not in use. Do not expose to sunlight for long periods of time. Store in temperatures between 5C (41F) and 25C (77F).

Net Size/Weight:

_ 1 Quart/2.55 lbs. _ 1 Gallon/10.2 lbs. _ 2.5 Gallon/25.71 lbs. _ 5 Gallon/51.4 lbs.
